14. COVID - EMCC's third-party clinical affiliates may have different requirements than the College as it relates to the COVID-19 vaccine. Third-party health science affiliates who partner with the College (e.g., hospitals, long-term care facilities, and other healthcare providers) may require students presenting inside their facilities to be fully vaccinated and provide proof of vaccination in order to participate in the clinical portion of the College's health science curriculum. Healthcare facilities sometimes allow certain medical and religious exemptions to COVID-19 vaccination mandates. To apply for such exemption the student will be required to follow each clinical affiliate's COVID-19 protocol. The college has no control over policies mandated by these clinical affiliates.
15. All pending students must have a drug screen performed at a time and location designated by the school. No other results will be accepted. Offer of admission will be rescinded if the student fails to keep the assigned time or location of their drug screen for any reason. All non-negative drug screens will be reviewed on a case-by-case basis prior to final acceptance into the SUT program. Cost of the drug screen is the responsibility of the applicant.
16. Pursuant to Section 37-29-232 of the Mississippi Code of 1972, Annotated, and Section 43-11-13 of the Mississippi Code of 1972, Annotated, nursing and allied health students must submit to a fingerprint background check prior to any clinical activity in a licensed healthcare facility. Each student pending admission must receive a "clear" criminal background check in order to be fully admitted to the program.

Payment for the background check is the responsibility of the student. In addition to the disqualifiers listed in section 43-31-13, (felony possession of or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, any sex offense listed in Section 45-33- 23(f), child abuse, arson, grand larceny, burglary, gratification of lust, aggravated assault, or felonious abuse and/or battery of a vulnerable adult, or that any such conviction or plea was reversed on appeal or a pardon was granted for the conviction or plea.) a healthcare facility has the right to deny any student access to their facility for clinical purposes that they feel is unsuitable for employment or for the clinical setting. If a student is barred from **any clinical agency for any reason** they will not be eligible to enter or continue in the program. Payment for the criminal background check is the responsibility of the student and must be made at the time of application. **All fingerprinting for the criminal background check must be completed by the first week of class. All pending students must have a criminal background check performed at a time and location designed by the school.**

The number of students accepted into each class may be limited due to available space, equipment, funds, etc. Because of this, it is important to be prompt in meeting deadlines on required paperwork.
